

CALL for PROPOSALS
FOUNDERS PARK OUTDOOR SCULPTURE EXHIBITION
JOHNSON CITY, TN
Issued by the Public Art Committee of Johnson City, TN
June 2021-May 2023 cycle

The Public Art Committee of Johnson City, Tenn., is seeking pieces of leasable outdoor sculpture to be installed for two years in Founders Park and several other sites in Johnson City.

Compensation to the selected artists will be provided by private donations. Each artist will receive a **\$2,000 stipend (per piece)**, exposure on the city's website, including a new virtual map and tour of all public art installations, and other related media.

Exhibition dates: June 2021 - May 2023

This sculpture exhibition, primarily located in Founders Park, is part of a larger **greenway vision for the city**. The greenway includes areas of pollinator plants and sites for public art, in addition to functional items such as benches, planters, educational kiosks, an outdoor events facility used by various vendors like the local farmers market, and bike racks. The greenway plan is visualized as both symbolic and practical: feeding culture and commerce between the community and university, as well as physically nurturing the environment by providing a habitat that is beneficial to all.

Johnson City:

The eighth-largest city in Tennessee, with a population of close to 67,000, Johnson City was founded in 1856 and later became a major rail hub for the Southeast. Johnson City is distinguished as a community that embraces art, the environment, commerce, science, community, and education. It is home to a broad-based economy and to East Tennessee State University.

Johnson City, with an elevation of over 2,000 feet, is located in the foothills of the Appalachian Mountains. Farmland, undulating hills, lush valleys, and many lakes and rivers surround it. Johnson City has an abundance of unspoiled natural beauty and four distinct seasons.

Selection and Guest Curator:

The guest curator for this year's exhibition will be **Jason Sheridan Brown**. Brown received his MFA from the Rhode Island School of Design in 1999, and has been teaching Sculpture at the University of Tennessee since 2001. His artwork has been exhibited nationally, including solo and group exhibitions in 22 states, and internationally in Canada and New Zealand. His public art projects include large-scale outdoor sculpture installations at the Josephine Sculpture Park in Frankfort, Kentucky, and Franconia Sculpture Park in Shafer, Minnesota. Brown is involved in a number of collaborative public art projects in an effort to engage in civic dialogues about individual, community, and place. In addition to teaching and making art, Brown is involved with a number of professional and community organizations. He has been president of the Mid-South Sculpture Alliance board of directors since 2018.
